Remarks

This is not your typical new build. This custom, non HOA home was designed with quality, efficiency and everyday comfort in mind, featuring 2x6 construction, complete plywood sheathing and spray foam insulation in the exterior walls, attic and garage. Step inside to 9' ceilings, 6" baseboards, wood look tile and modern black finishes that give the home a clean, polished feel. At the center of it all is a stunning kitchen made for gathering, with a large island, generous storage, stainless steel appliances, pendant lighting, a farmhouse sink, pot filler, vent hood and walk in pantry. Every bedroom includes a walk in closet and ceiling fans already installed. The generously sized primary suite offers a spacious walk in closet and a standout bathroom with dual vanities, a huge walk in shower and a private water closet. Even the laundry room was designed to feel open and connected to the home, and the washer and dryer are included. With thoughtful upgrades throughout and nothing left to do but move in, this home is ready for its new owner.
